

Recently Diagnosed with Breast Cancer?

If you've been diagnosed with breast cancer, you probably have questions about the different kinds of treatments available and how they will affect your life.

To help you, experts in breast cancer from the University of Colorado have joined forces with the National Cancer Institute. They created a study called **"Healing Choices for Women With Breast Cancer."**

The purpose of this study is to find the best way to deliver information on breast cancer treatments so that a woman can make a treatment decision that is right for her.

To find out if you are eligible for the study,

call: 1-866-258-7981

The call is free, takes less than 10 minutes, and is strictly confidential.

*Tell the Operator this code: **NBCI***

The Study understands your concerns and respects your privacy.

This study is not only important to you but to all future breast cancer survivors.
