REFLECTIONS ON DANIEL AND REVELATION

This dual volume has been no small undertaking by Dr. McCleary. Yet his approach has made its content seem so simple and thought-provoking, that laypersons and scholars will enjoy reading its commentary and answering its workbook questions. Daniel and Revelation have, singularly or in tandem, been avoided by many bible students, yet Dr. McCleary's book has sought to make each apocalyptic book accessible to Joe or Jane Q. Member. His sound biblical, historical and nondogmatic method of commentary makes this book a must read for every Bible student who embraces the tenet "That all scripture is given by inspiration of God" (2 Tim. 3:16). This book should stimulate its reader's thinking as he or she relates past, present, and future events to the relevant prophecies of Daniel and Revelation.

THE GOSPEL PRESENTATION

This excellent guide will assist the shy, inhibited or the bold and daring, who have longed to, but may not have had the words or thought they might say the wrong thing when trying to lead someone to Christ. Dr. McCleary's guide helps remove those fears and barriers with a format that facilitates handling most objections to the goal of discipling others. Any evangelist, missionary, or individual who wants to share their faith and thus experience the joy of leading a family member or friend to a saving relationship with Jesus should have this tool.

BACK TO THE BASICS-

A Comprehensive Bible Study

Questions are our "basic" method of gaining knowledge—from Socrates to a child, curious to and cognitively grasp his new found world, questions are the best way of learning. My friend, Doctor McCleary, has wisely utilized this fundamental modality to spur his reader's desire to acquire a basic understanding of many important topics from the Bible.

Dr. George E. Thornton, Sr., Professor, Harcum College, Bryn Mawr, PA

This is an excellent tool for anyone who wants to sample and study several strategic salvation-related Bible subjects. Pastor and Doctor McCleary's interrogative method is simple, sagacious, practical, and basic for all who want to benefit from its systematic approach to studying many significant Bible topics.

Henry Holt, Founder and Senior Pastor, DAWN Ministries, Brooklyn, NY

DR. MARK A. MCCLEARY

Dear Patron:

I am peacock-proud to offer you three-in-one, or one or more of these books that I believe will help you as you 'pilgrimage in time to one day do traffic in eternity.'

Having been nurtured in a family that modeled consistent Bible study, I have experienced via these books, God's insights from His Word.

I have drawn from my extensive biblical training and practical perspective to produce these three books for believers and non-Christians interested in searching the Bible, as well as apply such knowledge in helping family and friends live holistic and satisfying lives.

It is remarkable that God in these latter days has providentially brought us together. I pray that you will enjoy and share these resources with others.

I realize God could have used anyone else, but I am so glad that He chose to use me, and I am also confident that you will be blessed and appreciative of these resources by His grace.

In His Service,

Dr. Mark A. McCleary, Pastor
